a \$10,000 donation presented to the foundation. Hospital Laboratory Manager, Verner Hurst, says the donation is much appreciated and will go towards replacing a Hematology Analyzer and a Blood Warmer.

The goal is to raise \$90,000 by December with the radiothon taking place that month as well.

Hurst adds the hematology analyzers, priced at \$70,000, can analyze whole blood specimens for the complete blood count including red blood cells, white blood cells, platelets, even hemoglobin and more. The blood warmer, which is \$20,000, allows

for blood to be maintained at a proper temperature for transfusions.

This is the ninth year that the local radio station and the foundation have partnered to raise funds for various hospital projects including retrofitting the medical imaging suite, new beds, the new garden for senior residents and more.

Hospital publicist Terri Noble says donations towards the project are welcome and she can discuss details with interested parties by calling her at 705-869-1420 and asking for the foundation office. She adds those donations can also be made in memory of a loved one.

Return Of Major Fundraiser For North Shore Search And Rescue

It has been a tough couple of years for North Shore Search and Rescue, which receives no government supports and had to suspend one of their biggest fundraisers for the last two years due to the pandemic. However, Rock Taylor of the Espanola Lions Club, says they hope to see that turn around with the popular Duck Race, which will be held on Canada Day in Espanola. He says the club has partnered with the rescue unit to help

them out with the distribution of tickets to raise funds for a new vehicle.

Taylor say the Lions are turning over all money raised to North Shore Search and Rescue, whose volunteers will host the race on the Spanish River.

Taylor adds tickets are available at businesses throughout town and with over 42 prizes to be won valued at over \$7,000, he hopes to see them sell out quickly.

Espanola's Main Water Trunk Line Construction Continues

Photo - Most of phase one was carried out last year to install the new main trunk line from the water treatment plant to the intersection of Queensway Avenue and Mead Boulevard, seen here. The work continues into phase two, which will include sewer installation. Photo by Rosalind Russell

The Town of Espanola has resumed phase two of the main water trunk line from the water treatment plant to the water storage

tank.

Most of phase one was carried out last year to install the new main trunk line from the water treatment plant to the intersection of Queensway Avenue and Mead Boulevard.

The work resumes to finish that work, but the second phase to extend the line from the intersection to the water storage tank of Second Avenue is also getting underway.

Phase two also includes increasing the sewage capacity along the line.

Espanola's largest capital project for last year and now for 2022, the total cost is expected to exceed \$12-million dollars as approved by council.

No definitive deadline for completing the project has been released.

Motorists can expect slowdowns throughout the construction period.

The construction of Espanola's latest recreation project is now underway.

The Splash Pad construction has begun at Sherwood Park on Barber Street.

The work includes construction of the 2,480 square foot play area at a cost of \$220,000 with the replacement of playground equipment and the addition of parking at another \$50,000 estimate.

The amenity will include 19 features as well as two wheelchair accessible activators.

The contractor, ABC Recreation is expected to have the project completed by July 1st, just in time for a grand opening on Canada Day.

Town Of Espanola Resurfacing Two Local Road Areas

The Town of Espanola is beginning road reconstruction work in two areas of town. Public works superintendent Dave Parker says preparation work is underway on Old Webbwood Road from June 9th to 30th and Barber Street from June 15th to 30th from 7:30 am to 6:00 pm.

He says the timetable could change depending on weather conditions and

both roads will be open to traffic, but there could be disruptions.

Parker adds the scope of work includes scarifying the existing surface, minor ditching, gravelling, grading and packing prior to surface treatment by MSO Construction.

Off To Finland In A Month's Time

Photo - Scout leader, Rob Haarmeyer (far right) trains with some of his fellow leaders prepping for a jamboree of a lifetime, FINJAM 2022, the world's largest Scouting event since before the pandemic. The trip is set for July with fundraising still underway. Photo provided by 1st Copper Cliff Scout Group

An Espanola man and his son are off to Finland in a month's time for their first Scout World Jamboree. Scout leader Rob Haarmeyer says 31 local scouts and leaders will be flying out on July 9th to arrive in Helsinki as part of the 2022 KAJO Canada-Finland Jamboree.

He says the first four days will be spent exploring Helsinki, then heading to the jamboree where Scouts from all over Europe, Canada, United States, South America Asia and Australia will converge for a wide range of activities, including hiking, camping and developing life skills.

He says the troupe spent most of the pandemic using digital fundraisers to raise the funds for the memorable trip adding fundraising is ongoing and donations are appreciated.

He says for many youths this is the first time they've ever traveled across the ocean and will get to experience a jamboree of this magnitude. Haarmeyer adds they are still fundraising via bottle drives, and an upcoming online auction. Haarmeyer says they are looking for donations for this auction of new or gently used items, so anyone who wishes to donate can contact him at: 705-920-2119.

THANK YOU

Thank You

To the Staff of the Espanola Nursing Home

The Family of J.C. & Simone Daoust wish to express our utmost gratitude for the numerous years of formidable care and nurturing from many Personal Support Care Workers, Nurses and Doctors who tended to the care of Simone Daoust over the past 7 1/2 years.

She was the Matriarch of our family and I believe that many of the Staff of the Espanola Nursing Home came to love and welcome our Mother's infectious smile and presence, as we had.

For our family, to imagine life without her is challenging; but to imagine how life was with her is very fulfilling. Knowing our Mother, I am certain she may have influenced your lives as well.

For ALL of the Staff at the Espanola Nursing Home, we wish to express our appreciation and we want to acknowledge each and every one of you who tended to our Mother's every need with Respect, Love and Tenderness.

Thank you so very much.
