Delayed Canada Day Fireworks To Take Place In September

The Espanola Fire Department was very sad to cancel its annual Canada Day Fireworks this year due to the province-wide open fire ban. According to the release, the fireworks were cancelled to err on the side of caution and safety during the ban. The department has announced the fiery fireworks display will take place at the Red McCarthy Memorial Ballfields at dusk on September 2nd. The funds for the display were raised locally through boot drives and fundraisers held over the last year.

Positive Case Of West Nile Virus In A Mosquito Reported By Public Health Sudbury & Districts

Public Health Sudbury & Districts has received confirmation that a mosquito on Manitoulin Island has tested positive for West Nile virus (WNV). This mosquito was detected through routine surveillance conducted by the health unit. The health unit traps mosquitoes annually to identify mosquitoes in the Public Health Sudbury & Districts area and to find out if those mosquitoes are carrying WNV.

Positive mosquitoes were last detected in the Public Health Sudbury & Districts area in 2018, within the City of Greater Sudbury.

"In our service area this year, there have been no confirmed cases of birds, animals or people being infected with the virus. However, this positive mosquito reminds us that although the overall risk of a person becoming infected is low, the virus is still present," said Burgess Hawkins, a manager in Public Health's Health Protection division. "Therefore, taking precautions to avoid becoming infected with West Nile virus is important," added Hawkins.

West Nile virus is spread through the bite of an infected mosquito. Mosquitoes get the virus by feeding on infected birds. Symptoms can range from mild to severe. Most people infected with the virus have no symptoms while others may experience mild symptoms including fever, headache, body aches, mild rash,

and swollen lymph glands. In very rare cases the infection can affect the central nervous system and cause serious symptoms.

Late summer is typically the time of greatest risk for contracting West Nile virus. Mosquitoes can carry higher levels of the virus at this time, and this is when people might not be as careful about protecting themselves from mosquito bites. Here are some simple measures you can take to continue to protect yourself and your family:

Reduce the risk around the home

- Install or repair window and door screens.
- Remove standing water from around your home where mosquitoes can breed.

Personal precautions

- Wear light-coloured, long-sleeved shirts, long pants, shoes, and socks when outside, especially from dusk to dawn, when mosquitoes are most active.

- Use an approved insect repellent and follow the manufacturer's recommendations.

Anyone concerned about a dead bird can contact the Canadian Wildlife Health Cooperative at 1.866.673.4781.

For more information about West Nile virus, please contact Public Health Sudbury & Districts at 705.522.9200 (toll-free at 1.866.522.9200) or visit www.phsd.ca.

Katri Hilja Juliana Lahti (JULIE) (nee Harju) October 3, 1931 – August 16, 2023 (91 yrs.) With family at her side, our dear Julie peacefully slipped away in the early morning hours of August 16 in the Espanola Nursing Home where she had resided since 2020. It is said, a shooting star marked her passing. Julie was born in Beaver Lake Ontario to Urho and Aune Harju (nee Tapper) on October 3, 1931. She had two brothers, Fred (pre-deceased) (Greta) and Henry (Joanna). She married Leo Luopa (pre-deceased) in 1949 and

they were the proud parents of James (Sandra, nee Leson), Beth (Geoff MacQueen), Richard (Gail, nee Merton), Robert (Leena, nee Oman), and Ronald (Eileen, nee Oman). Julie and Leo owned and operated an ESSO service station for many years on highway 17 in Beaver Lake, next to her parents' home. An excellent cook and baker, Julie could magically whip up something delicious with whatever she had on hand. She always had a garden and she harvested summer fruit and berries to add to her imaginatively prepared meals and baking. Visitors were always warmly welcomed with fresh coffee and baking, which she always seemed to have on hand, especially everyone's favourite, Finnish pulla! Julie loved to dance and that was how she met Eugene Lahti, who also loved dancing. Dancing led to romance, which led to love and their marriage in 1991. Julie's family happily expanded to include Gene's children, Carl (deceased), Sharon (deceased) and Brenda (Bert McDowell), and their daughters Kara and Karleen. Together, Julie and Eugene (pre-deceased) made a little paradise of their home on the shore of the Vermilion River in Beaver Lake. They both enjoyed gardening and their flower beds were show stoppers! They also began to travel and even went to Finland, but mostly they liked to be home with family and friends popping in to visit. Julie will be dearly missed by her friends, family, many nieces and nephews and her grandchildren: Maija, Andrew, Kristy, Rita, Alek, Peter, and Kara & Karleen, as well as her great grandchildren Eila & Joey, Molly & Mara. Julie's cheerful nature and her ever-ready lovely smile warmed the hearts of all. The staff at the Espanola Nursing Home became very fond of her and cared for her with warmth and affection; she was a favourite! We extend our most sincere appreciation and thanks to all of the dedicated staff. Julie made the best of every situation believing it was better to handle whatever life tossed her way, and she did so with grace and sisu. Please join us in a celebration of Julie's life on Saturday, September 2nd at the Beaver Lake Sports & Cultural Club, from 1 to 4 p.m. If so desired, donations may be made to the Beaver Lake Sports & Cultural Club or the Espanola Nursing Home (Long Term Care).
