Espanola's Giant Tiger Receives Accolades And Funds For A Local Charity ... Or Two.

By *Rosalind Russell* - Back on September 16, Dan Vanier, the owner of the Giant Tiger in Espanola, received the company's 2026 Trusted Store of the Community Award at their annual Owner Manager Meetings.

He says he is honoured but adds that success would not be what it is without the support of his staff and the customers. He says the award comes with a \$2,000 cash award, which can be donated back to a charity or organization in the community.

Vanier says they plan to do something special with the funds and plans to release those details soon.

Chapter One

Lost – even on the way to work

Well, now that you've had a 'taste' of Disaster! Around the Bend, I'm sure that you're anxious to find out how that story ends. Sadly, you'll have to read the rest in the actual book – available at Robinson's Pharmasave, Massey Home Hardware or on Amazon.

Today, I'm moving on to another Lost adventure.

Lost – even on the way to work!

Chapter One

For most of my life, I have had to travel for work—even up to 200 km each way, when we lived in Manitowaning and I managed a store in Elliot Lake. That lasted until we moved to Massey. A few years after that, I joined Loblaws as a Relief Pharmacist and was also a Pharmacist Coach. I would travel to stores all over Ontario to work with young pharmacists who were having trouble

managing the flow in their stores. It was a challenging, but rewarding job to help these very earnest professionals to solve their various dilemmas. During the years that I worked in this capacity, I travelled to areas that I had never been to before. Knowing that I have no directional gene in my body, as demonstrated by my previous Lost stories, I'm sure that you can imagine the fear that I had in having to find my way to all these strange places? My boss at the time was a very practical lady and she told me to "chill out, Lynn." She reached into her bag and hauled out a neat little device- A plug-in GPS machine. (That was way back in the days before satellite GPS systems installed in every car or maps in every phone. This gadget simply plugged into the cigarette lighter).

Bill Rosenberg On The Happy Trail

By Rosalind Russell - The Ontario government is investing \$1,313,430 through the Northern Ontario Heritage Fund Corporation (NOHFC) to support five projects in the Algoma-Manitoulin region.

As part of its plan to protect Ontario, the province is helping companies grow, keeping workers on the job and building stronger communities across the North by making strategic investments that improve local infrastructure, support business expansion and create good-paying jobs.

“Our government is making investments that help northern Ontario communities reach their full potential and become even more attractive places to live, work and visit,” said George Pirie, Minister of Northern Economic Development and Growth. “Through NOHFC funding, we are supporting economic growth in the Algoma-Manitoulin region by helping businesses expand, enhancing community and tourism infrastructure, and creating spaces that bring people together.”

As part of this investment, the following projects are receiving

NOHFC funding:

The Town of Spanish is receiving \$400,000 to repair the docks at the Spanish Municipal Marina and \$200,000 to rehabilitate the deck at the adjacent Four Seasons Waterfront Complex, extending the lifespan of these key tourism assets and encouraging boaters and other visitors to stay longer in the community.

Z’gamok Construction LP, an Indigenous-owned construction company in Sagamok Anishnawbek that provides a diverse range of services to the mining sector, is receiving \$400,000 to construct and equip a maintenance division building, allowing the company to bring servicing of its heavy-equipment fleet in-house and expand into third-party heavy-equipment maintenance services, creating approximately 12 jobs.

Serpent River First Nation is receiving \$180,000 to upgrade its Powwow grounds, including the purchase of ten aluminum grandstands, electrical work and new signage, which will support cultural and educational programming and the sharing

of historical knowledge with visitors while prolonging the life of this important community facility.

The Town of Northeastern Manitoulin and the Islands is receiving \$133,430 to renovate its community recreation centre, including lighting enhancements in the stairwell and main event hall, installation of commercial-grade kitchen equipment and replacement of plumbing systems, which will reduce operating costs while increasing rental revenue from an upgraded event space.

“I am pleased to congratulate Z’gamok Construction, Serpent River First Nation, the Town of Spanish and the Town of Northeastern Manitoulin and the Islands on these important NOHFC-supported investments,” said Bill Rosenberg, MPP for Algoma-Manitoulin. “These projects will strengthen local communities, create new opportunities,

support Indigenous-led economic development and improve essential infrastructure for residents across Manitoulin and the North. I look forward to seeing the lasting benefits these investments will bring to the region.”

The Ontario government is prioritizing investments through the NOHFC that protect northern industries and jobs, mitigate the impacts of U.S. tariffs and trade disruptions and secure new opportunities for the long-term prosperity of northern Ontario. The renewed focus is boosting competitiveness and ensuring the North remains a leader in Ontario’s economy. This new direction is in addition to the province’s increased investment, bringing the NOHFC’s annual budget to a total of \$110 million. Together, these initiatives will benefit communities of all sizes, both rural and urban, including Indigenous communities.
